URGENT: Meetings on Bargaining

All members of the bargaining unit – professor, instructors, counsellors, and librarians -- are asked to make an effort to attend one of four meeting times to hear from members of your bargaining team and your Local Executive Committee.

Each meeting will address

- **The events that led to the unilateral decision of the colleges to end bargaining**
- **The imposed terms and conditions and the very serious consequences if faculty accept them**
- **Our next steps including a possible strike vote**

There will be an opportunity for questions and answers.
